Dear parents,

Young minds are always interested in learning more about themselves. So Pinnacle Public School has organized **All About Me** activity for our Pre-primary kids. Through this they can think about their interests and the things they can do. They will also learn more about their emotions and their body parts.

Also, the goal behind an **All About Me** activity is to help children learn about each other and each others' families!

It helps children to realize that every person is unique and special.

They also learn that every child's thoughts and ideas are important and no one person is more or less important than another!
